Resume and Job Searching Resources

1 Job Search Websites

On all patron computers, there is a shortcut labeled **Job Search Websites** (pictured at right). This is a good resource for patrons looking for jobs.

2 Cypress Resume

In June 2015, the library obtained a grant that allowed it to purchase resume writing software called **Cypress Resume**. There is an icon on the Desktop of each patron machine for this software (shown at right). The service can also be accessed from home by going to http://www.cypressresume.com/. Home users must use their library card barcode number to login.

3 Microsoft Word Templates

You can search the Microsoft Word template gallery for resume templates. This requires an Internet connection.

- 1. Open Word.
- 2. Click the File tab.

3. Click New.

4. Type "resume" into the search box and press Enter.

5. Click on the template you want to use.
