

Lonely (But not alone.)

But I guess that's my life.

Oh! It's the quiet girl from school!

Better keep walking, don't want to bother her.

Huh? Why didn't she say hi?

She probably didn't notice me.

I don't think I bothered her.

HI THERE!

IS THAT YOU'RE DOG?

Y-yeah.

Nice! What's her name?

So cute! Oh! You're in my class right?

Leia.

I think so.

Cool! You want to sit with me and my friends on Monday?

Well-

-Why would you even want to talk to me? I've never even spoken to you before today. I'm just a shy girl who is always by herself.

Well, I guess I just--

-Well I like to chose to be kind,

And reach out.

Whoa! Are you OK?

Yeah, yeah, I'm fine. Just I guess I never thought of it that way.

Thank You.

Chose kind, you never know how much you can help.
