

As some of you may have heard of the school's #1 band from your kids. We thought that on this special occasion we'd have them play you a few songs. So please hold until we have everything set up.

Back stage

I CAN'T go out there in front of all those PEOPLE and CLASSMATES!! Also WHY did no one tell me 1,000 people were gonna attend graduation?

Nobody told you because we all knew you would have never agreed to sing in front of all those people. EVEN THOUGH you're sang in front of crowds like this before.

B-But what if I mess up and make a fool of myself out there. OR worse what if I FALL!!!?

Aila, look, we're all nervous. But we got each other as back up if we do mess up.

I agree with Luna on this one. I mean, look at me, I've messed up so many other times. Yet, no one noticed because you guys always improvised.

Come on Aila, please. You have to come out and perform. If anything you were the one most excited about this concert compared to us!!! So at least come for us.

ehh fine
