

Storage Device	Example Uses	Picture
Compact Disc (CD)	Music	
Digital Video Disc (DVD)	Movies	
SD Card	Digital cameras	
USB Drive (2.0 and 3.0) "Thumb Drive" "Flash Drive"	Storing personal files for carrying with you <i>(3.0 is much faster, but it must be plugged into a 3.0 port to take advantage of the extra speed)</i>	
Hard Drive	Storing personal files on your home computer	

The **mouse wheel** makes it easy to scroll up and down documents. To scroll down a document or web page, roll the wheel towards you. To scroll up, roll the wheel away from you.

**Headphones** are necessary to listen to spoken word, music and other sounds. You must provide your own headphones.
